Warranty Coverage – Finish Protection

The finish of all Dee Zee products is covered for one-year (1) from the date of purchase. Dee Zee products have a high-quality finish that must be cared for and maintained like any other exposed finish on the vehicle. Protect the finish with non-abrasive automotive wax (e.g. Pure Carnauba) on a regular basis. Applying soaps, polishes, or waxes that contain an abrasive compound may scratch the finish and leave the exposed material susceptible to corrosion.

Warranty Coverage – Component Parts

Operational items such as shocks, latches, hinges, and other wear items including, but not limited to, mud flaps, step pads, toolbox tray, end caps, hardware, gaskets, seals, etc. have a one-year (1) warranty.

All replacement parts are non-returnable and non-refundable. Some replacement parts are available online at www.deezee.com/replacement-parts/ or they can be ordered via credit card by calling 1-800-779-2102.

Replacement keys are fulfilled by a third-party vendor and they can be ordered at www.easykeys.com/dee-zee. Locate the key code on the lock cylinder and use the drop-down menus. If you do not see your key code, enter the key code in the search bar. Dee Zee typically uses Eberhard lock cylinders if Dee Zee is not listed by name.

Warranty Submission Procedure

All warranty claims will be initiated at the place of purchase. The original purchaser will be required to present the original sales receipt with purchase date shown and provide photographs of the defect. All warranty replacement requests must be submitted via email to returns@deezee.com.

In the event the originally purchased product style is no longer available, Dee Zee will warranty the defective part with a current equivalent. If a comparable product is no longer available, the product would be returned to the store of purchase for a refund or the applicable cost difference can be paid to choose an alternate style.

Disclaimers

All products are sold as appearance accessories and should not be relied upon as protection for the vehicle or its occupants in the event of an accident. Vehicles equipped with a supplemental restraints system (air bags) deployed by impact and collision avoidance systems should not be modified in any way. Always consult the vehicle manufacturer if you have any questions regarding supplemental restraint systems and sensors.

Buyer must accommodate front and rear sensors during product installation and assumes all risk should these be tampered, rerouted, severed, or disconnected. This includes disabling visual, audio, or vibration alerts into the cab. Buyer assumes all risk and responsibility for wiring any supplemental auxiliary lights.

Buyer assumes all risk, liability, and cost for the installation and use of Dee Zee products. Dee Zee, Inc. assumes no liability for injury, loss, incidental or consequential damages in the event of an accident.
